Subject: UEMS certification for donor-transplant coordinators

Dear National Competent Authorities of the European Commission,
Dear National Organ Donor and Transplant Organizations,
Dear Representatives of the European Committee on Organ Transplantation (CD-P-TO) of the Council of Europe,

This is the official announcement of the next UEMS, Board of Transplant Coordination exam for organ donor-transplant coordinators, which will be held a day before the next ESOT Congress in Brussels on 12th September, 2015.
I kindly ask you to please forward this invitation of our next exam to your colleagues, who could be possible candidates for this UEMS certification.

The Board of Transplant Coordination (BTC) has been created within the Division of Transplantation of the UEMS. The main objective of the BTC is to guarantee the best standard of care in organ and tissue donation and transplant coordination in Europe by establishing homologous standards of practice and ensuring that training in donation and transplant coordination is maintained at the highest level by accrediting and examining transplant coordinators on their knowledge and practice. The BTC operates in close collaboration with the European Donation and Transplant Coordination Organisation (EDTCO) and is a nonprofit entity.

You can find further information about the UEMS, BTC section at: http://www.uemssurg.org/divisions/transplantation/transplant-coordination
http://www.esot.org/organisation/EDTCO-Certification_European_Transplant_Coordinator
and about the next ESOT Congress at: http://esot2015.esot.org/

If you may have any further question, please do not hesitate to contact me.

Thank you for your collaboration!

With kind regards,

Sándor Mihály
Chairman, Executive Committee of the Board of Transplant Coordination, BTC-UEMS
