

NUMBER OF DECEASED DONOR ORGANS TRANSPLANTED IN 2019

Kidney
3,191

Liver
1,571

Heart
668

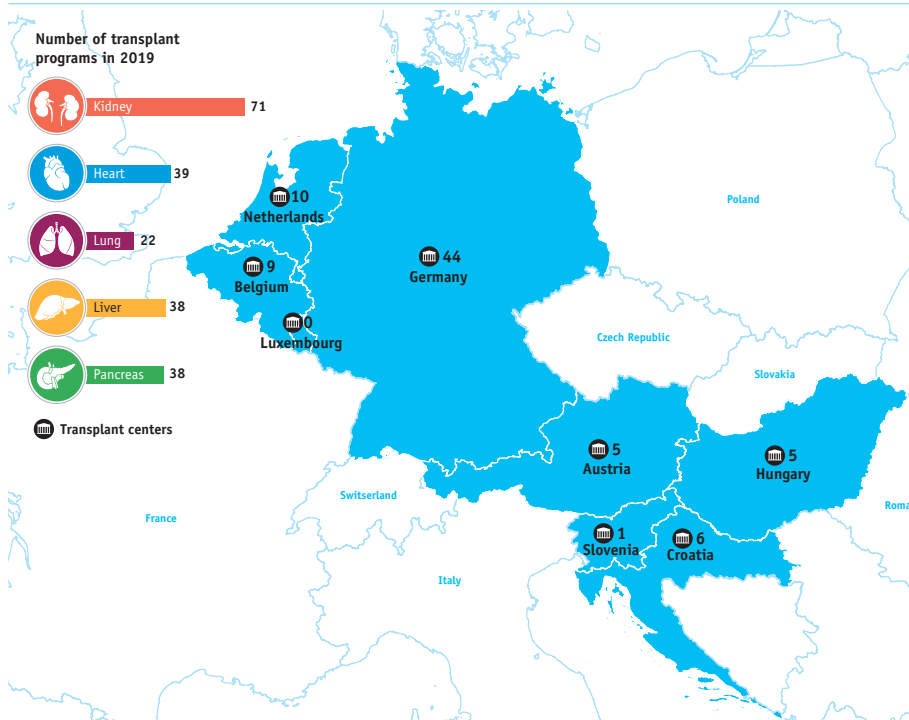

Lung
1,375

Pancreas
176

COUNTRIES AND NUMBER OF ACTIVE TRANSPLANT CENTERS IN 2019

PERCENTAGE OF ORGANS EXCHANGED CROSS BORDER

Current statistics can be found on <http://statistics.eurotransplant.org/>

MISSION

Eurotransplant (ET) is a non-profit international organization that facilitates allocation and cross-border exchange of deceased donor organs at the service of its member states. Eight countries cooperate within ET.

Eurotransplant, with its office in Leiden (the Netherlands), supports the ET community to fulfill its mission:

Organ transplantation offers life-saving and quality-of-life enhancing treatment options to patients with end-stage organ failure. Aiming to fulfill this potential, ET was established and acts as mediator between donor hospitals and transplant centers, for the benefit of such patients.

SERVICES ACCORDING TO THE BASIC MANDATE

ET distinguishes the following services to the member states:

Allocation services

- 24/7 duty desk organ allocation services
- 24/7 immunological support to the allocation office and transplant centers by ETRL
- On-line waiting list data-entry
- On-line donor data-entry services
- Evaluation of post-transplant results by maintaining a follow-up registry

Development of allocation process

- ET Advisory Committees (ACs): kidney, liver-intestine, pancreas, thoracic, organ process chain, tissue typing, ethics and registry
- Recommendations are developed by ACs in cooperation with the different national scientific transplant organizations and national authorities → Approval by ET Board of Management → Forwarding to national transplant authorities for check and approval → Implementation by ET office
- Participation in European projects related to organ transplantation
- Participation in national and international regulatory projects

External networking

- Stimulating cooperation by organizing the annual ET meeting
- Information on recommendations and current developments in organ allocation to stakeholders through news updates
- Cooperation with international organ exchange organizations

Reporting and accounting

- Annual Report
- Close cooperation with national authorities
- Standard donor-, organ-, and quality forms issued through the ET website
- Lectures by ET staff members at congresses and meetings
- Approval of the ET financial accounts by an external auditor

SUPPORT

ET organizes supportive processes:

- Clearing house function concerning settlement of costs between donating and receiving transplant centers
- Development and maintenance of information systems

FINANCE

The activities of ET are financed by the health insurance companies in the participating countries. The organization's budget and the resulting registration fees are negotiated annually with the financers and/or the national authorities

GENERAL STATISTICS

Supervisory Board	Responsible for supervision, monitoring and advising the Board of Management on the achievement of Eurotransplant's goals, the Eurotransplant's strategy, the financial reporting process, compliance with legislation and regulations as well as approving the annual budget
Board of Management	Responsible for the general management of the Foundation under the supervision of the Supervisory Board
Council of Medicine and Science	Advises the Board of Management concerning issues of allocation and allocation development
Council of Administration	Advises the Board of Management concerning financial, organizational, administrative and information services issues
General Assembly	272 delegates of transplant programs within ET
Number of Advisory Committees	8 of which 4 organ specific (kidney, liver/intestine, heart/lung, pancreas)
Number of scientists in Advisory Committees	80
Number of employees	104
Annual budget	10.9 million euros
