Number of patients on active waiting list (31.12.2023): 13,498
Number of new patients on waiting list in 2023: 10,099
Number of deceased donors used for transplantation in 2023: 2,079
Number of recipients of deceased donor organs in 2023: 6,008

NUMBER OF DECEASED DONOR ORGANS TRANSPLANTED IN 2023

- Kidney: 3,161
- Liver: 1,628
- Heart: 645
- Lung: 1,253
- Pancreas: 124
- Intestine: 4

PERCENTAGE OF ORGANS EXCHANGED CROSS BORDER IN 2023

- Transplanted outside donor country: 22.2%
- Transplanted in donor country

MISSION

Eurotransplant is a non-profit international organization, situated in Leiden, the Netherlands, that facilitates allocation and cross-border exchange of deceased donor organs at the service of its eight member states. We support our community to fulfill our mission:

Organ transplantation offers life-saving and quality-of-life enhancing treatment options to patients with end-stage organ failure. Aiming to fulfill this potential, Eurotransplant was established and acts as mediator between donor hospitals and transplant centers, for the benefit of such patients.

Current statistics can be found on https://statistics.eurotransplant.org/
SERVICES ACCORDING TO THE BASIC MANDATE

We distinguish the following services to the member states:

Allocation services
- 24/7 duty desk organ allocation services.
- 24/7 immunological support to the allocation office and transplant centers by ETRI.
- Online waiting list data-entry.
- Online donor data-entry services.
- Evaluation of post-transplant results by maintaining a follow-up registry.

Development of allocation process
- Eurotransplant Advisory Committees (ACs): kidney, liver/intestine, pancreas, heart/lung, organ process chain, tissue typing, ethics and registry.
- Recommendations are developed by ACs in cooperation with the different national scientific transplant organizations and national authorities → Approval by Board of Management → Forwarding to national transplant authorities for check and approval → Implementation by ET office.
- Participation in European projects related to organ transplantation.
- Participation in national and international regulatory projects.

External networking
- Stimulating cooperation by organizing the annual meeting.
- Information on recommendations and current developments in organ allocation to stakeholders through news updates.
- Cooperation with international organ exchange organizations.

Reporting and accounting
- Annual Report.
- Close cooperation with national authorities.
- Standard donor, organ, and quality forms issued through our member site.
- Lectures by our staff members at congresses and meetings.
- Approval of our financial accounts by an external auditor.

FINANCE
Our activities are financed by the health insurance companies in the participating countries. The organization’s budget and the resulting registration fees are negotiated annually with the financiers and/or the national authorities.

ORGANIZATION

Eurotransplant is fully connected with the members of its community. The organizational structure is democratic, with a Supervisory Board, Board of Management, Assembly, two advisory Councils and eight Advisory Committees.

With this structure, the national authorities, the national transplant societies and the Eurotransplant transplant programs have input in the policy and practice of Eurotransplant.
